

THE 700 FAMILY CRUISER

Take a good look at this beautifully styled cruiser, then step aboard for a pleasant surprise. Unbelievable comfort packed into a boat only 700cm long. Inside the spacious saloon a luxurious four-seat, upholstered, dinette with an exotic dining table that converts to a full-sized double berth. Forward, two comfortable, foam cushioned, single berths.

A laminate covered Californian Galley unit is installed to starboard. With stainless steel sink, two-burner cooker and generous stowage space.

A separate toilet compartment with full-scale sea toilet wash-basin and mirror. Full-length hanging locker to port and moulded linen stowage bins add a touch of practical luxury to this de-luxe interior.

The large self-draining cockpit with room for family or friends, with a deep padded stern bench aft to complement the upholstered helmsman's seat. From this commanding helm position the skipper has perfect ease of control over this exciting sterndrive cruiser with its positive steering and smooth single lever engine control.
