

NIMBUS 2600

NIMBUS 2600

We think that the pleasures of time spent afloat are amongst the best things in life. We think that a boat should be designed to make it possible to enjoy those pleasures to the full.

Do you agree?

If you do, the Nimbus 2600 is the boat for you and your family. She has everything that a modern family boat should have. We invite you to take a closer look at her low running costs, her spacious accommodation, her high standard of safety at sea and her equally high standard of comfort. We invite you to compare them with other makes of boat. And then come back to the Nimbus 2600.

Just like more and more people are already doing.

■ GALLEY

Twin-burner cooker. Stainless steel sink. Electric fresh water pump. Drawers, chopping board, larder, rubbish pail. Space for refrigerator.

■ HEAD

WC, wash basin with electric water pump, mirror, storage cupboard, ventilator. Standing room height.

■ BERTHS

Two separate bunks in the fore cabin. Can sleep three if joined together with a bunkboard. Including the owner's accommodation, there is sleeping space forward for 3-4. Sleeping accommodation for two more in the after cabin.

■ CARPETS AND TEXTILES

Wall-to-wall carpet in fore cabin, cockpit and after cabin. Curtains for all ports. Cockpit cushions in PVC, cabin cushions with exclusive plush coverings.

■ VENTILATION

Ventilators in fore cabin and after cabin. Engine ventilation is through the side of the hull.

■ STOWAGE SPACE

Wardrobe and lockers in the main cabin, and wardrobe in the after cabin. Stowage space in the shelving in the after cabin. Locker between the helmsman's and passenger seats. Stowage lockers under the bench seating in the Cockpit. Lockers under the bunks.

■ CONSTRUCTION

Hull and deck in hand laid plastic reinforced with glass fibre. Wood furnishings in matt varnished teak. Decorative line on the sides of the hull and deck, and waterline picked out along the hull. Windscreens and cabin ports framed in aluminium. Anchor locker in the bows.

■ ELECTRICAL SYSTEM

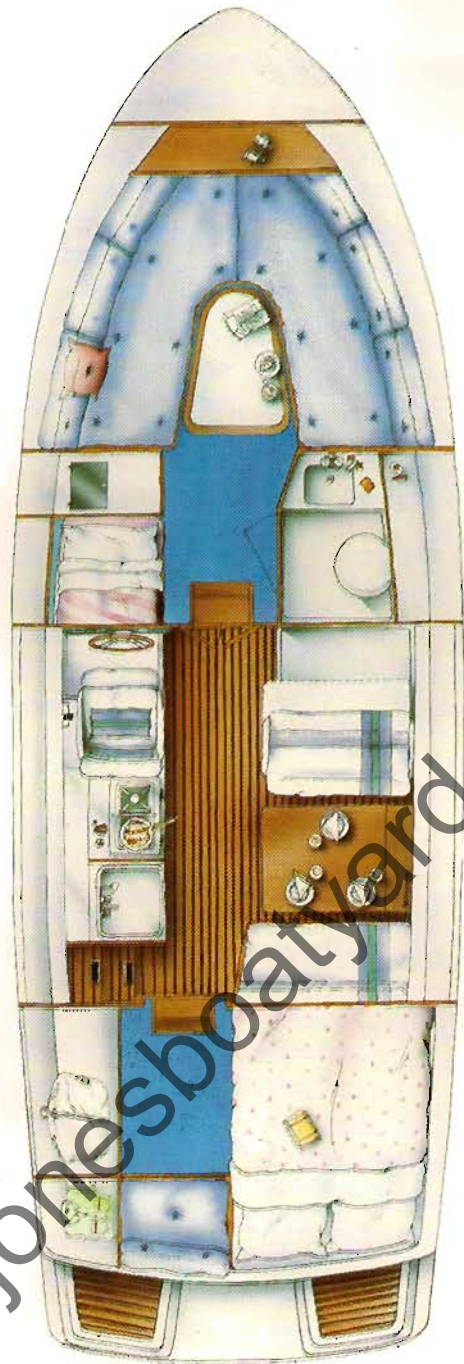

12 V electrical system with two separate circuits. Alternator and double diode. Eight lighting points, additional output sockets, powerful windscreen wipers, internationally approved navigation lights. Two 70 Ah marine batteries. Fuel gauge.

■ SOFT TOP/HARD TOP

The Nimbus 2600 is available in two models, ST and HT. The soft top version has a stainless steel Targa frame and complete awning which divides in two. The hard top version has two sliding hatches.
