# THE RELCRAFT PEARL 21' SPORTS CRUISER

A perfect example of sports cruiser style, and one of a trio of 'new look' luxury motorboats from the Relcraft stable.

A stylish yet compact 2 or 4 berth sports boat, the Pearl's impish character and big performance gives the speed and power for waterskiing with excellent, safe offshore cruising.

Inside, there is everything you'd expect in a motor boat of this size. And much more!

The well fitted galley has full headroom and there is an enclosed

toilet compartment. The luxury cabin is fully lined and upholstered, and the 'home comforts' feel is enhanced by the carpeting throughout.

Even the cockpit panels are padded and upholstered!

A double sunbed converts the cockpit into a recreational area. Imagine yourself, anchored offshore, with the sun beating down, and lying on your Pearl 21, cocktail in hand – luxury!

She is built to the same exacting standards as all Relcraft cruisers.

Standards that have been established through 25 years of top quality motorboat design and manufacture. Yet the Pearl 21 has the looks of Relcraft today. A look which says you can still have style, without sacrificing the reliability that has become our trademark.

The Pearl 21 really is the perfect family sports cruiser and she is easily trailed by family car.

She is available in sport cruiser or 'large cockpit' dayboat versions.
