THORNYCROFT OPEN LAUNCH

Suitable for various roles as club launch, workboat. This tough dependable launch has been used successfully on Contract work.

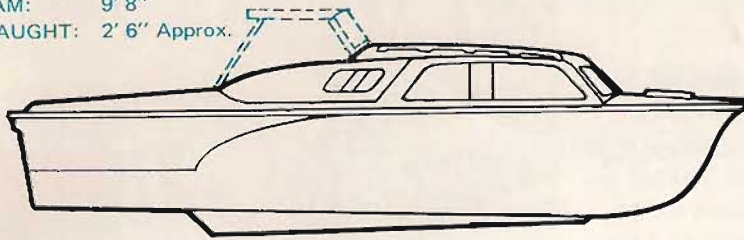

LENGTH: 36' 1"
BEAM: 11' 8"
DRAUGHT: 2' 6" Approx.

GAUNTLET 36.

Designed for the Ministry of Defence this semi rounded bilge hull has Department of Trade and Industry approval as a Class VI Passenger Launch for 60 persons and can pick up passengers on open beaches and fills other roles as fishing boat or work launch. Can be fitted with single or twin installations. Capable of speeds up to 12 knots.

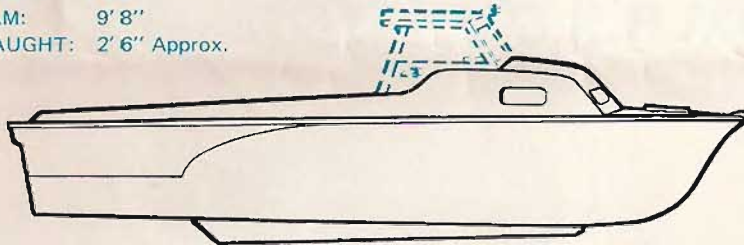

LENGTH: 31' 0"
BEAM: 9' 8"
DRAUGHT: 2' 6" Approx.

SENIOR 31.

A 5 berth cruiser which enjoys an international reputation for safety and seaworthiness having been developed over 13 years. Can be fitted with outdrives or direct drive single or twin installations. Speeds up to 14 knots.

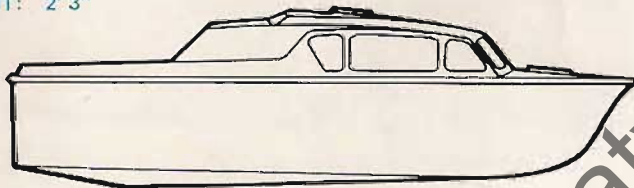

LENGTH: 31' 0"
BEAM: 9' 8"
DRAUGHT: 2' 6" Approx.

FISHERMAN 31.

A rugged offshore angler capable of carrying twelve 'rods'. Has accommodation for two with galley and heads. Based on the Senior 31 hull and moulded to D.T.I. specification. Speeds up to 30 knots.

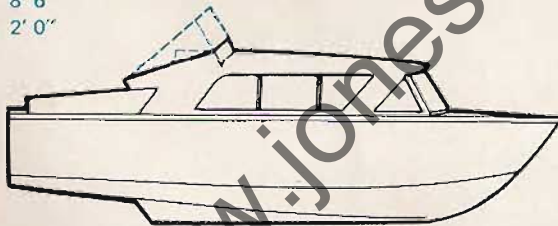

LENGTH: 26' 3"
BEAM: 8' 6"
DRAUGHT: 2' 3"

SENIOR 26.

4 berth cruiser which has been developed over a number of years. Suitable for sea and river use. Can be fitted with single or twin outdrive. Speeds up to 10 knots.

LENGTH: 23' 3"
BEAM: 8' 6"
DRAUGHT: 2' 0"

SENIOR 23.

This spacious hull was designed for coastal and inland waterways. There is room for 4 berths with 6' headroom throughout. A fishing version with a larger cockpit and smaller cabin is available. Takes inboard engines and outdrives. Speeds up to 10 knots.

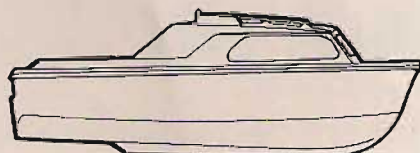

LENGTH: 20' 4"
BEAM: 6' 10"
DRAUGHT: 1' 4"

SENIOR 20

A round hull cruiser with a fine entry for a comfortable ride. There is room for 3 berths and separate heads. Suitable for use on coastal and inland waterways. Can be fitted with outboards or outdrives from 6 H.P. to 100 H.P.

LENGTH: 17' 2"
BEAM: 6' 6"
DRAUGHT: 1' 0"

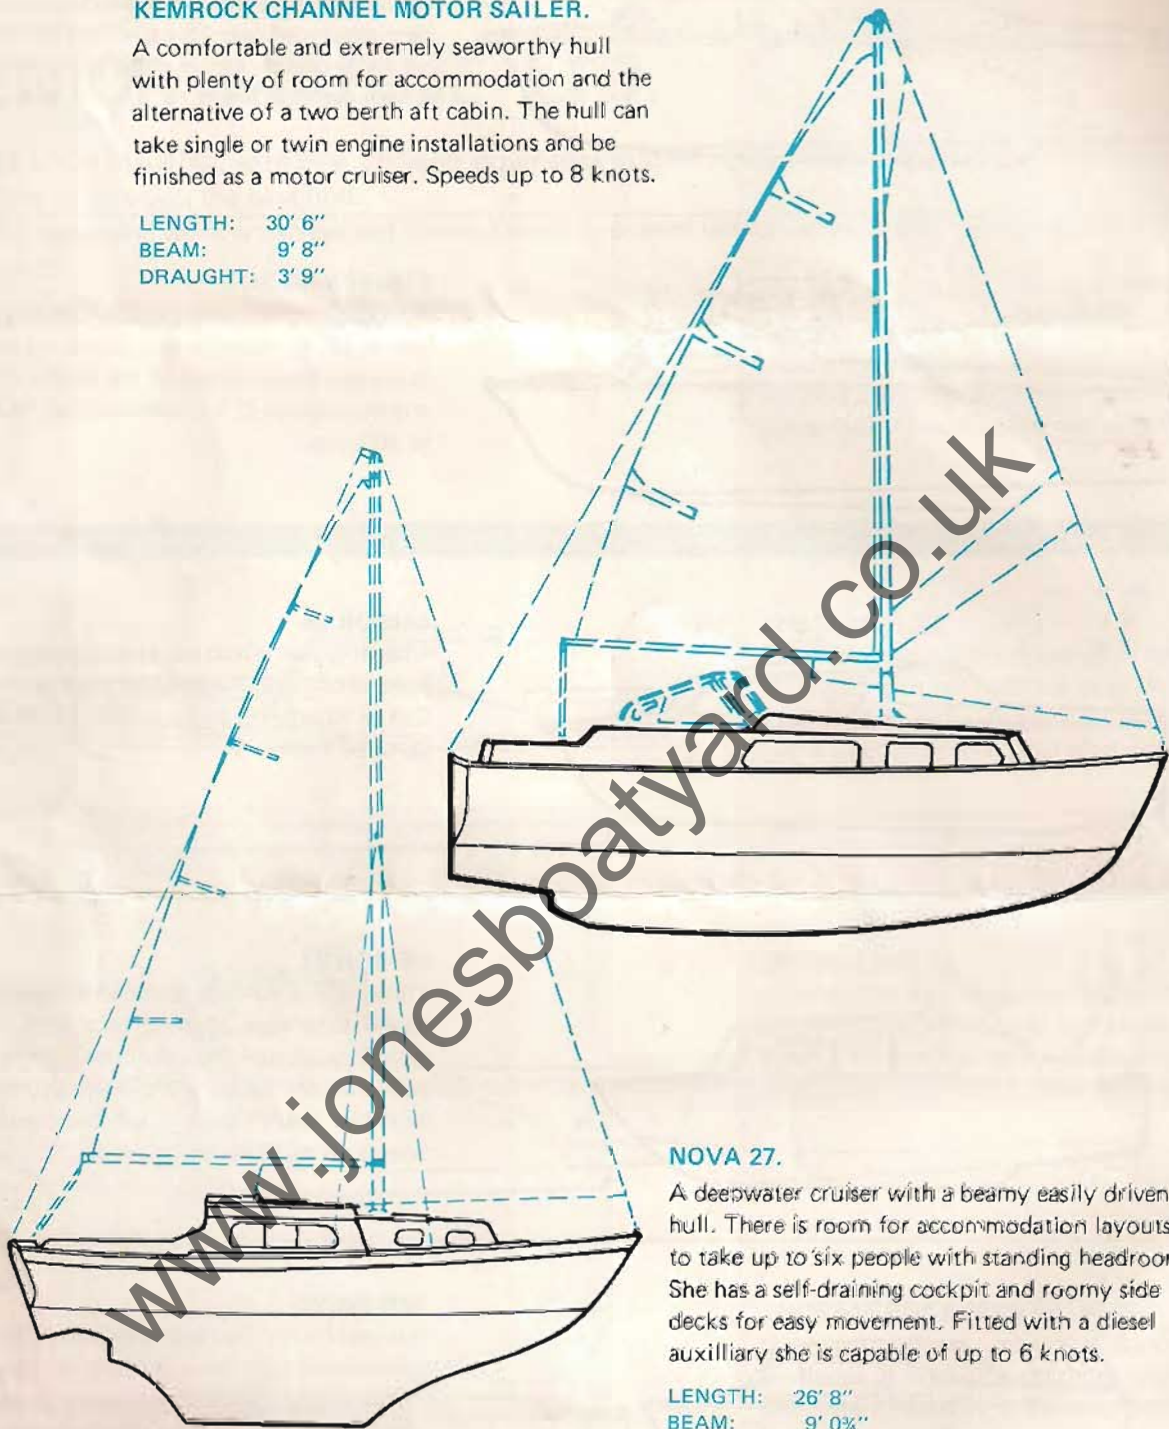

SENIOR 17

A deep round bilge hull with room for 2 berths. She performs equally well on inland waterways with a small outboard as she does at high speeds on coastal waters. She has a large cockpit and is easily trailable. Outboards from 6 - 80 h.p.

KEMROCK CHANNEL MOTOR SAILER.

A comfortable and extremely seaworthy hull with plenty of room for accommodation and the alternative of a two berth aft cabin. The hull can take single or twin engine installations and be finished as a motor cruiser. Speeds up to 8 knots.

LENGTH: 30' 6"
BEAM: 9' 8"
DRAUGHT: 3' 9"

NOVA 27.

A deepwater cruiser with a beamy easily driven hull. There is room for accommodation layouts to take up to six people with standing headroom. She has a self-draining cockpit and roomy side decks for easy movement. Fitted with a diesel auxilliary she is capable of up to 6 knots.

LENGTH: 26' 8"
BEAM: 9' 0½"
DRAUGHT: 4' 3"
