Draught 2ft 2in

Senior Marine craft are built from the finest resins and glassfibre obtainable

The SENIOR 31, now in its fourth year of production and development is claimed as the finest value in its class afloat today and is the result of twelve years experience in marine construction from glassfibre reinforced plastics.

It is intended as a sea going or river cruiser for five adults and features a private forward twin stateroom and a generous size cockpit for fishing and sunbathing.

Engine can be transom driven or midships according to choice.

Prices for Interior and Exterior fitments enclosed on Price List headed Sub Assembled Units.
