Sheerline 740

Flair & Finesse Sliding Canopy Cruiser

Statistics

Length overall	7.40m	24' 3"
Beam	2.89m	9' 6"
Draught	0.69m	2' 3"
Height from waterline to top	1.88m	6' 2"

FLAIR is a superb 8-10 seater Day Cruiser that converts to a most comfortable 2 berth cruiser.

FINESSE is a 2-4 Berth Cruiser with a fixed double berth in the aft cabin with settee berth in the forward saloon which also converts to a double.

Description

Both designs have forward driving positions with comfortable adjustable helmsman seat, (two forward facing seats on the FLAIR). Leathercloth covered dashboard/console with sports steering wheel fitted, all necessary engine instruments with speed log, depth sounder, compass and all main services switches. Heater demister vents to windscreens, port and starboard windscreen wipers. Pull out coffee table which converts to a good size dinette table. All craftsman fitted out in SAPELE and BRAZILIAN MAHOGANY hardwoods.

Saloon Seating/Berths

FLAIR - Dralon upholstered side seats that convert to either two single berths or one large double.

FINESSE - Dralon upholstered wrap-around settee that converts to a double berth.

Both boats have ample storage area below the berths, hanging wardrobe. Sliding overhead canopy with large sliding windows make this a really excellent all weather craft.

Galley

Three burner hob with grill and oven. Stainless steel sink unit and electric refrigerator. Ample storage cupboards under work surfaces.

Shower/Toilet Compartment Formica lined throughout

Manual toilet with stainless steel holding tank. Hand held shower system with electric waste water pump from hygienic floor grill. Vanity hand basin with storage under. Mirror, overhead light and shaver point.

Rear Cabin - (Finesse Only)

Fixed double berth with Dralon buttoned headboard, overhead bulkhead light, storage drawers under berth, small wardrobe and drawers with wall mounted mirror.

Soft Furnishings

Top quality carpet with aluminium trim, cushioned vinyl flooring in galley area. High quality lined curtains all to customers colour choice. All cabin roof areas are soft lined throughout.

Heating

Diesel fired heating system with ducted warm air to cabin areas, forward helmsman's positions and demisters to windscreens.

Radio

High quality stereo radio cassette player mounted in driving console with two cabin speakers.

Safety Equipment and Cruising Inventory

Bow pulpit rail, ample coachroof handrails and aft well handrails. Aft transom entry for safe easy boarding when moored stern on. Stem head roller. Four mooring ropes, suitable mud weight or anchor. Life ring and two fire extinguishers. Full set navigation lights, fold down stainless steel mast, speed log, water tank contents gauge and fuel tank contents gauge.

Engine - Finesse

The engine is internally mounted in the saloon with ample soundproofing built into the engine box. The recommended engine size for this craft is a 30/35 hp fitted with a 2:1 reduction gearbox.

Engine - Flair

The engine is mounted in its own compartment aft of the main cabin, which makes extra internal cabin space and super quiet running. The engine supplied is a NANNI, 35 hp, fitted with a 3:1 hydraulic drive in place of conventional gearbox. Individually illuminated circuit breakers, stylishly mounted in their own panel as standard equipment.

Optional Extra

Pure TEAK, OAK or CHERRY finish throughout.

Buying on a Budget

Standard versions of these boats are available, details and prices on request.

We reserve the right to alter prices and specification without notice.
