

REFLECTION 23

Pace Boat Co. Ltd., proudly present excellent styling and quality in this class of boat.

The perfect family boat for river cruising, with offshore capabilities.

The large, self-draining cockpit has comfortable seating, a raised helm and high tech controls, giving you total command. Specification includes full 4-piece canopy.

In the cabin is a fully-equipped galley, Shower/toilet compartment, spacious forward seating with dinette, which easily converts to a large double berth. In addition, there is a large double berth in a roomy, private cabin. Full standing room and colour co-ordinated designer interior combined with all the other, unbeatable features on offer, provide a comfortable family cruiser which is excellent value.

Cabin access is to starboard down two carpeted steps, there is an abundant use of teak carpentry, with walls and ceilings lined in foam-backed blue/grey vinyl and hessian, which compliments the richness of the wood.
